I tried to sail away,  
But the waves keep bringing me back,  
And for the reasons out of this world  
I am sublimely drawn to you

And I can't even remember why  
And I can't even remember why

Oh, why I need you  
Why I love you  
Why I need you tonight

Tie my hands and lead me  
Don't listen to what I say  
With mothers milk you'll feed me  
And I know we'll make it all the way

And I can't even remember why  
And I can't even remember why

Why I need you  
Why i love you  
Why I need you my love
