V1

I remember the days we took the photos in your front
room,
And how they'll fade but this mÃ©nage remained
I digress to better days, when these bones weren't
made of clay
Blood as thick as they say,
But you're in the right place

Chorus

Get on a plane,
And fly away,
I'd say that I miss you,,
But I couldn't let you stay

V2

It's been a couple of years,
I've seen love, hate and tears,
And though things have changed
We still make the same mistakes

There's a light in the dark,
We just need the spark,
That we know you brought with you
God knows you had it in you,

Bridge

What am I to do?
When home is where the heart is,
But your heart is in a different land
What am I to say,
When home is where the heart is,
But your heart is in a different land.
