Lying here on the couch
With my heart in the mouth
Realize you were right I was wrong and
I'm in pieces and bits but that's nothing you can fix
Cause baby you're still my addiction

Ohhh
Every minute's like a thousand years
Since you were lying here

[Chorus:]

In the middle of the night
I turn on the light
Too desperate to breathe
Cause I get this craving
There's no time to waste gotta get a taste
Satisfy my need
Baby, won't you save me
Got this craving for you

For you...
Yeah yeah yeah yeah

It's like you live in these walls
I hear your voice down the hall
I swear I see your face it's everywhere it's every place
I start myself past the pain but still it won't go away
The more I try to forget I remember

Ohhh
Every minute's like a thousand years
Since you were lying here

[Chorus:]

In the middle of the night
I turn on the light
Too desperate to breathe
Cause I get this craving
There's no time to waste gotta get a taste
Satisfy my need
Baby, won't you save me

Got this craving

To lose myself in you and we're standing in the rain
To keeping you awake through the night
I hunger for your touch
Cause I need you back what's wrong with that
No I can't be without you no more

In the middle of the night
I turn on the light
Too desperate to breathe
Cause I get this craving
There's no time to waste
Gotta get a taste satisfy my need
Baby won't you save me

In the middle of the night
I turn on the light
Too desperate to breathe
Cause I get this craving
There's no time to waste
Gotta get a taste satisfy my need
Baby won't you save me
Got this craving for you
Craving for you
