My first, My last
I'm gonna love you forever
My first, My last
I'm gonna leave you, no never

Girl I want to hold you close tonight
Let you know that everything's so right
It's just the way that you love me
It's just the way that you care
I'll be there for you because...

My first, My last
I'm gonna love you forever
My first, My last
I'm gonna leave you, no never

Girl I think of you both night and day
WONder if you're safe if you're okay
It's just the way that you move me
Girl you'll never lose
You'll be there for me I know

My first, My last
I'm gonna love you forever
My first, My last
I'm gonna leave you, no never

No matter how high, no matter how low
Be there, be there for you babe
Wherever you are, that's where I'll go
That's where i wanna be
you and me

Spoken:
Oh what a night(what a night, what a night, what a night)
A very special night
When I'm with you(when i'm with you baby)
When i look in your eyes
I realize
My dreams have come true

My first, My last
I'm gonna love you forever
My first, My last
I'm gonna leave you, no never('till fade)

Always wanna be with you my first
help me out
help me out
never gonna leave you lady
