You said that it's over, over easy
If I let go the pain will subside
'cause sayin' goodbye's never pretty
And it's uglier livin' a lie
But answer this one thing for me--why...

What did you mean when you said that is over
I don't understand
How could this be
You promised me
You said forever
Or did you forget
Was I deceived
You needed me

Now it's over, overflowing
With dreams that will never come true
You said it's a good thing that we found out
Maybe better for me than for me
You wish that something in you would do

What did you mean when you said that it's over

I don't understand
How could this be
You promised me
You said forever
Or did you forget
Was I deceived
You needed me

Now it's over
Over my head
And I feel like a drowning man
Who's still begging God for rain
What did you mean

Woah woah yeah
What did you mean
When you said it's over
I don't understand
How could this be

You promised me
You said forever
Did you forget
Was I deceived
You needed me

Now it's over
Over easy
If I let go the pain will subside
