Motel sitting in the dark  
Empty room like an empty heart  
Love will start but they never stay  
They don't look back as they drive away

Maybe I  
Can fix this broken head light  
Feeling the cracks and pain arise  
And maybe love will stop here tonite

And if she knocks on my door  
I'll give her the key  
Just one look in her eyes and I know  
I'll be, everything that she sees in me  
More than I ever thought I could be

But, these are the days  
When all that I can do is dream  
But I don't wanna spend forever  
Living in the in between

I'm stuck here in a place without love  
And I just can't let it stay this way  
But for now I'm gonna have to face it  
These are the days

Gotta use this lonely time  
To change the picture in my frame of mind  
Outside the window theres a sunny day  
I wanna feel it on my face

You and I  
Are out looking for the same thing  
And these walls of wondering  
Waiting for someone to share this feeling

And if she knocks on my door  
I'll give her the key  
Just one look in her eyes and I know  
I'll be, everything that she sees in me  
More than I ever thought I could be

But, these are the days  
When all that I can do is dream  
But I don't wanna spend forever  
Living in the in between

I'm stuck here in a place without love  
And I just can't let it stay this way  
But for now I'm gonna have to face it  
These are the days

These are the days  
Between your hopes and fears  
These are the moments  
That are still locked here

There still inside even  
If she will not hear  
Like it or not this is what I got  
Ohh, God!

These are the days  
When all that I can do is dream  
But I don't wanna spend forever  
Living in the in between

And I'm stuck here in a place without love  
And I just can't let it stay this way, yeah  
But for now I'm gonna have to face it  
'Cause these are the days

These are the days  
When all that I can do is dream  
But I don't wanna spend forever  
Living in the in between

I'm stuck here in a place without love  
And I just can't let it stay this way  
But for now I'm gonna have to face it  
These are the days
