Chorus

All for love - baby - Girl what I do I do for you
All for love - baby - Baby my love is all for you

Verse 1

Girl you're the only one - I'd ever love and need
Cause when you're here with me - You make me feel
complete
Girl it's too hard to swallow - To know there's no
tomorrow - without you baby

Change 1

So I'll do anything or go anywhere - To tell the whole
wide world that I care - Yeah
With all my power I'll give you the real cause that is
How I feel when it's - (when it'sâ€¦)

Chorus

Verse 2

I'm gonna show you I can really be your every man
And that's time and time again - Love will never end

Change 2

So I'll go anywhere and do anything (to tell the whole
world that I care girl)
I'll be your king cause you are my queen - Life's a living
dream - because it's

Chorus

Bridge

It's easier said than done to love - But girl it ain't hard
when you're the one
Girl you have my heart
