Would I walk through fire
Just to be with you (to be with you yeah)
Would I cross an ocean
Just to hold you (hold you yeah)

Would I give up all I have
To see you smile (to see you smile)
Would I walk through hell
And not think twice

CHORUS

Baby I would
Baby I will
Baby I'll do that gladly
I'll be all you need
I'll do anything
To make you happy
Baby I could
Baby I can
Do anything you ask me
Baby I can
Baby I could
Baby I would (I would)

Would I be the harbor
Always ther for you (right there for you baby)
Would I be the shelter
That will sheild you yeah

Would I be the loving light
To light your way (to light your way, honey)
And would I defend you with my life

CHORUS

I'll keep you from the cold
I'll be there to hold you
And if tears should find your eyes
I would be the one to dry them
I would risk it all
And give it all to you

CHORUS

Do anything you ask me
Baby I can
Baby I could
Baby I would

I'll do anything for you girl

Baby I can
Baby I could
Baby I would

'Cause you're the one I want in my world

I can
I could
Baby I would
