Every six seconds  
Every six seconds  
Baby I can't stop  
My mind from slipping  
Every six seconds or less  
Preoccupation with the opposite sex  
And you're the one I blame  
For making me go missing  
I think of you and drift away  
Fourteen thousand times a day

Victoria's Secret I've been keepin'  
And its getting harder all the time  
I can't keep it undercover  
I need your soft lips kissing mine

Chorus:  
Every six seconds  
My body starts begging  
Your sweet thing is wrecking me  
Until you give me some  
Ten times a minute  
Six hundred times an hour  
Another cold shower  
Until you give me some (Until you give me some)

I picture you  
In red matte lipstick  
Sponging all over me  
Leaving a mark on my fantasy  
Or swimming in water wearing nothing but moonlight  
Both of us soaking wet (splash)  
Halfway to the towel, that's as far as we get

Victoria's Secret I've been keepin'  
And its getting harder all the time  
I can't keep it undercover  
I need your soft lips kissing mine

Chorus x2

Girl you've got the power Until you give me some

Thoughts of you keep swimming through my brain

Baby night and day and night

Cannot concentrate on anything

But this urge I have inside

Every six seconds

Every six seconds

Until you give me some

Every six seconds

Every six seconds

Until you give me some

Chorus x2

Girl you got the power until you give me some

Every six seconds
