Ohh, ohh  
Ohhh

Girl, I remember how it all began  
You introduced her as your friend  
But I knew I was in trouble when  
I saw her smile at me  
And then she asked me for a dance  
But never offered you a glance  
Well let me tell you girl with friends like that  
Who needs enemies

[Chorus:]

Should've known better than to trust a friend  
Who's jealous of the way we livin'  
I don't think you know what's happening  
Your girl is shading you  
Should've known better than to trust a friend  
Behind your back she gives me rhythm  
But I'm 'bout to make her understand  
I only dance with you

Girl, you say your friend is just flirting by  
It's getting so ridiculous  
That she's thinking she can mess with us  
But I don't play around  
Even when she's saying that you're unaware  
And it's cool with you to share  
No I still ai't gonna dance with her  
I'm telling you right now

[Chorus:]

Should've known better than to trust a friend  
Who's jealous of the way we livin'  
I don't think you know what's happening  
Your girl is shading you  
Should've known better than to trust a friend  
Behind your back she gives me rhythm  
But I'm 'bout to make her understand  
I only dance with you

Don't try to say I lost the mind  
I know your girl has crossed the line (cause I really  
know that)  
She got issues, she trying to diss you  
The minute that you turn around  
She pulled a switch boo  
Cause she's wishing what's yours was hers  
So now leave the girl, that ain't never gonna work

[Chorus:]

Should've known better than to trust a friend  
Who's jealous of the way we livin'  
I don't think you know what's happening  
Your girl is shading you  
Should've known better than to trust a friend  
Behind your back she gives me rhythm  
But I'm 'bout to make her understand  
I only dance with you

Should've known girl not to trust a friend  
Should've known jealous of how we livin'  
Should've known I was shading you  
Only dance with you

[Chorus:]

Should've known better than to trust a friend  
Who's jealous of the way we livin'  
I don't think you know what's happening  
Your girl is shading you  
Should've known better than to trust a friend  
Behind your back she gives me rhythm  
But I'm 'bout to make her understand  
I only dance with you

Ohh oh ohhh  
I only dance with you....  
Ohh oh ohhh  
I only dance with you....
