One heart, can make a difference.  
One joy, can change it all.  
One road, can drive all the distance.  
And be a hope, around the world.

Would you make a sacrifice  
if you knew if it were right.  
Well the answers' there, if you look inside.  
Will you run and hide.  
Or will you fight the fight.

Cause there's a power.  
Inside...you.  
And there's a battle  
to be won.  
And every victory  
has a beginning.  
The way it always has begun.  
With the power of one.

Yeah, Yeah, Yeah

One day  
You'll realize, that one heart is all you need.  
One dream that we can all share.  
One dream we all believe.

And we'll make that sacrifice.  
Just because we know it's right.  
And we'll face the answers  
that's buried inside.  
We won't run and hide.  
We gonna fight the fight.

There's a power  
inside you.  
There's a battle to be won.  
Every victory has a beginning.  
The way it always has begun.  
With the power of one.

With the power of one.  
Yeeeeeeaaaah

We'll look inside.  
We won't run and hide.  
No, we'll find the fight.

There's a power  
inside you.  
There's a battle to be won.  
Every victory has a beginning.  
The way it always has begun.  
With the power of one
