Shy shy girl  
Standing with the wallflowers  
Wishing you would've stayed at home  
You kick yourself for coming  
While you're standing there all alone  
The centers of attention are busy making all their  
moves  
While all the guys are looking  
And then I got my eye on you  
Only you  
You might think you're nothing special  
You might be losing hope  
But baby don't you realize  
How beautiful you really are

Chorus:  
Shy girl  
It's written on your face  
A mermaid out of water  
Feeling out of place  
Shy girl  
Try and hide a glance  
Caught you looking for a second  
Felt my heart rush  
Don't run away  
Don't be afraid  
Don't be shy girl  
So beautiful  
Shy shy girl

I'm moving in closer  
Slowing trying to hide your blush  
Shy shy girl  
But it's hard to get a lock on downward glancing eyes  
Oh yeah

You might think you're nothing special  
But I'm about to lose my hope  
Baby don't you realize  
How beautiful you really are

Chorus

Now I'm standing right in front of you  
I confess I'm nervous too  
Girl you know there's something going on  
And not to give it a chance  
Would be so wrong  
Oh baby

Shy girl  
It's written on your face  
A mermaid out of water  
Feeling out of place  
Shy girl  
Try and hide a glance  
Pretending that there's nothing between the two of us  
Don't run away  
Don't be afraid  
Don't be shy girl

Chorus

Hey girl  
Don't be shy girl  
Don't run away  
Shy shy girl  
Oh baby  
I'm looking at you  
Shy girl
