Broken black hooves. smash across an old stone
autumn path. the dead trees reaching out. to feed the
devil's ancient wrath. the gate is just ahead. with
rusty chains and iron bars. will i make it through. i must
cause i've come so far. my name is rider. i ride
for love. for my princess locked away. in her tower
above. in her chamber of roses. she's waiting for
me. blowing kisses from her window. to my cheek. but
castle walls are high. and i'm drunk with deep red
wine. you see i've wandered off. i've been lost
so many times. this lonely road is dark. and there's
demons at every turn. i've wanted to give up. but
my heart continues to burn. for i am the rider. who
rides for her love. against this castle built between us.
stained with our blood. in her chamber of roses.
she's dreaming of me. wishing on every shooting
star. that i'll come to set her free. baby i'm
sorry. i'm taking so long. just promise me you'll
never. stop holding
On. there's no room in my heart. for anyone but
you. you are my girl. you're
The one i choose. but how to dry all your tears. i still
don't know. we are not
Together. we are still all alone. have we done
something wrong. is our past to
Blame. are we meant to live forever. in this cold place.
though i am the rider. i've never found love.
i've given all i have. but it has not been enough. in
her chamber of roses. she's falling asleep. after a
thousand lonely nights. her heart's begun to bleed.
is this the end. for you and me. should we kiss
goodbye. our favorite dream. when they told me true
love. was just a lie. were they telling the truth. were they
right. but i won't believe that. i won't let sorrow
win. i'm gonna let what i believe. pick me up again.
there is a happy ending. there is a sure way. to turn
these empty nights. into sunny. days. baby you
don't have. to cry anymore. i've found
someone to help us. fight and win this war. his
Name is jesus christ. and he told me today. come and
follow me. do not be
Afraid. and he is so strong. and mighty too. with him on

our side. how can
We ever lose. so when you look out your window.
tonight for me. know that godâ€™s bringinâ€™ me to
you. no matter what you see

Youâ€™re so far away. and iâ€™m worried. that you
wonâ€™t wait for me do you believe. that iâ€™m
coming for you. and iâ€™ll be there soon itâ€™s our
destiny. iâ€™m countinâ€™ on you. to be faithful. set
your eyes on what you canâ€™t see do it for me. set
your eyes on me. i know you canâ€™t see but you will
someday. there really is hope. for the romance. that
you wanted more than the whole world as a little girl.
itâ€™s an easy thing for the king of kings donâ€™t you
know he loves you
