Won't you be my girl be my girl, I want you in my world forever

Won't you be my girl be my girl, you and I should be together now

I heard it from your friends someone, broke your heart Now you hide your love away don't hide your love away

You need time to heal all the pain you feel inside

You think that love ain't gonna stay

You know I'll treat you right girl

I'll give you love and understanding

Every day and night girl we can make this last forever It could last forever

Won't you be my girl be my girl, I want you in my world

Won't you be my girl be my girl, you and I should be together now

I will never let you down I will be right by your side

And I want you to believe just want you to believe

Won't you come into my arms I wanna' hold you tight

Say you feel the way feel

You know I'll treat you right girl

I'll give you love and understanding

Everyday and night girl we can make this last forever It could last forever

Won't you be my girl be my girl, I want you in my world

Won't you be my girl be my girl, you and I should be together now

Won't you be my girl be my girl, I want you in my world forever

Won't you be my girl be my girl, you and I should be together

Won't you be my girl be my girl, I want you in my world forever

Won't you be my girl be my girl, you and I should be together

Won't you be my girl be my girl, I want you in my world

Won't you be my girl be my girl, you and I should be together

Won't you be girl be my girl
