Too many times I have wondered
What all the trying is for
You come around, I feel so down, I'm gonna to drown
Cause I know that your falling short

But do you know it doesn't change
The way I feel about you at the end of the day
Cause I know, that all I want is what you got
All I want is what you got

And too many times I have wanted
To turn around and walk away
Knowing deep inside, you can't provide
What I need from you anyway

But do you know it doesn't change
The way I feel about you at the end of the day
Cause I know, that all I want is what you got
All I want is what you got

I tell you that I wanna go, but I wanna stay {x3}
I wanna stay, I wanna stay, I wanna stay
But I know I'm gonna to lose myself this way

But do you know it doesn't change
The way I feel about you at the end of the day
Cause I know, that all I want is what you got
All I want is what you got
But this moment is all I've got
It's all I've got
