Emotions

[Verse1]

It's an ability inside you that you can't hide,
Like inside you there's a rising light,
It's the work of emotions,
It's like How you smile and How you cry,
And how you came to change your side,
It's a work of emotions.
Yeah, It's emotions.

[Pre-Chorus]

And for me it's like creation,
I love when you make am go through my emotions,

[Chorus]

Just Stop playing with it,
It's emotions, it's emotions,
Stop-Stop-Stop-playin'...
Breath Out, And In,

[Verse2]

It changes when passes the time,
Everytime there's something in your mind,
Everytime it's different what you Feel,
Never been fake yeah it's real, It's emotions,
You're totally dipped in that,
It's real never been a fact,
It's that one you can't escape from,
Like You're the thunder and it's storm, (Thunderstorm)

[Pre-Chorus]

And for me it's like creation,
I love when you make am go through my emotions,

[Chorus]

Just Stop playing with it,
It's emotions, it's emotions,
Stop-Stop-Stop-playin'.
