The candles they are burning
And we are always learning
Heaven you are watching from above
Angel wings wrap me in your love
But we are marching on and on, oh marching
And we grow weary some days
Carry me back to where I started from
Carry me back to what I've always known
Carry me back to my home
Take my troubles away
Love is on the way, love is on the way
The heart is always churning
And we are always yearning
Oh I'll go, no, I won't let you down
Ray of light piercing through the clouds
But we are marching, on and on, oh marching
And we weary sometimes
Carry me back to where I started from
Carry me back to what I've always known
Carry me back to my home
Take my sorrow away
Love is on the way, love is on the way
Carry me back to where I started from
Carry me back to what I've always known
Carry me back to my home
Take my breath away
Love is on the way, love is on the way
Love is on the way, love is on the way
Love is on the way, love is on the way
(Love is)
Love is on the way, love is on the way
(Love is)
