"Take Me With You"

It's been running through my mind,
The minute you stepped in,
And the hype that you create.

So take me with you,
I want to see color and life,
In the corner of this bar,
Won't you take me by the hand?
Don't you realize how charming you are?

Some million miles away,
They get ready to go out,
But I want to stay in.
Won't you stay with me?
Or let me come with?

So take me with you,
I want to feel your body you know,
Laying in the sand,
Waiting for your man to come,
But for now you've got me.
