Oh What A Feeling!

I got a fever in my head
And I got a fever in my soul
I got a feeling in my heart and
A drug called rock n roll
Oh I'm lighting up my soul
Oh I'm going to lose control yeah
Oh what a feeling
With the top lid down and the radio
Screaming
Oh what a feeling
In the hot summer nights
I must be dreaming
Going to make this moment last
Forever cause its so appealing
Oh what a feeling
Im learning to fly and im finally seeing
Got goose bumps on my skin
Electricity in my brain
Cause a crazy feeling in my mind
Driving me insane
I'm lighting up my soul
I'm going to lose control
YEAH
Oh what a feeling
With the top lid back and the radio
Screaming
Oh what a feeling
In the hot summer nights
I must be dreaming
Got to make this moment last
Forever cause its so appealing
Oh what a feeling
Im learning to fly and im finally seeing
Always wanted to feel this way
Now I'm living my life each and everyday
No one can ever take this thing away
Oh what a feeling
With the top lid back and the radio
Screaming
Oh what a feeling

In the hot summer nights
I must be dreaming
Got to make this moment last
Forever
Cause its so appealing
Oh what a feeling
Im learning to fly and im finally seeing
