"No Angel"

Long brown hair,
down to there.
Big blue eyes
that mesmerize.
Soft white skin,
Kissable lips.
How easily you fell for the face like an angel.

I'm not a goddess or a movie queen.
So don't you be distracted by my physicalities.
You'll be disappointed if that's all you see,
cause I'm a real woman with a real woman's needs.

Don't put me on a pedestal,
cause I'm no angel, no.
Don't put me on a pedestal,
cause I'm no angel,
I'm no angel, no.

Untameable spirit.
A sensory addict.
Incurable dreamer.
Neighbor's grass is always greener.

Unquenchable desires, always reaching higher.
Independent nature, boy, you don't know what you're in
for.

If you're looking for perfection, better move along,
cause I've got scars and blemishes on my emotions.

I've done all the world has offered me at least once
cause I'm a real woman who goes after what she wants.

Don't put me on a pedestal.
Cause I'm no angel, no.
Don't put me on a pedestal.
Cause I'm no angel,
I'm no angel, no.

Real love is what I need, Not some fantasy.

Just a man who sees the woman who is really me.

Who loves me anyway, no matter what I do or say.
Whose happy just to love me and to come home to me
everyday.

Don't hang no persona around my neck that I'll reject.
I'd hate to disappoint you or to lose your respect.

So, here are all the warts and flaws,
right up front to give you pause...
I'm a real woman, baby,
even more than you'd expect.

Don't put me on a pedestal,
cause I'm no angel, no.
Don't put me on a pedestal,
cause I'm no angel,
I'm no angel, no.
