I always wished
someday,
I'd know a love like this.

I always knew
one day
there'd be someone who
would love me as much
as I love you

And you do.
Our love is true.

Our love is true love.
Each and everyday
is like new love.

Our love is true love.
I'm thankful for the day
I met you.

I must confess...
I feel that I've been blessed.
To know you are mine.
Now our hearts are intertwined.

For the rest of our lives
I'll love you.

I love you.

Our love is true.

God blessed the day I met you.
He blessed the day I met you.
God blessed the day I met you.
He blessed the day I met you.

Our love
is true love
Each and every day

is like new love

Our love is
true love.

I'm thankful
for the day
i met you.

I'm thankful
for the day
I met you.

I love you.
