Verse 1

Lean and hard and sexy
Pumped and primed and sweet
like some young god, you're pretty
from your head to your feet.

Chorus

These hands, will worship you.
These hands will move,
they'll move to the groove all over you.
These hands,
I know you want them too.
They'll worship you.
Perfection

Verse 2

I see that body of yours
in my dreams when I sleep.
I need that body of yours
when I lie here awake.

Revised Chorus

These hands
will worship you.
These hands will move,
they'll move to the groove all over you.
You are so fine, so fine
What can I do?
Work It, Flex
Work It, Flex
Perfection

Verse 3

Physical sensations are overwhelming me.
Anytime you're near I seem to lose my dignity.
My hands begin to roam.

They just go anywhere they please
You just lay and soak it up, so totally at peace.

Chorus

These hands,
they worship you.
These hands they move,
they move to the groove all over you.

Musical Break

You are so fine, so fine.
What can I do with such perfection.
What can I do? Perfection.
Perfection.
Work it-Flex. Work it-Flex-Perfection
Work it-Flex-Perfection.
