"Time Doesn't Matter" Lyrics

There's no sight
and no sound
No up or down
when you're around

Time doesn't matter
when you're here with me
It wouldn't matter
if the sky was blue or gray

When we're together
there's no more time or space
There's no here or now
Nothing else is real

Only the feelings
matching your heartbeat
tracing the laugh lines
on your face

Oh time doesn't matter
As longer as we're together
we can fly away

Time doesn't matter
when I'm next to you
It wouldn't matter
if the rainbow lost it's hue

You hold every color
Every shape and sound
Oh when you're around
nothing else is real

Only the feelings
matching your heartbeat
tracing the laugh lines
on your face

Oh time doesn't matter
As long as we're together
we can fly away

Nothing can come between us
Angels in heavenly chorus
fall on deaf ears
when you are near

Time doesn't matter
as long as we're together
we can fly away

Drifting away
Losing the days
What will it take
to make you understand
