(Daniel Bangalter/Nelly Byl)

I found a love, but it didn't last, wonderful days belong
to the past

I don't know where I stand what I'm to do
Tried to forget and I found someone new
So I prayed on my knees to heaven above
Send me somebody please, someone to love
Lend an ear to my story, give me your hand
Don't let me down with a heart to be ment
I'm screaming like hell but nobody hears me, nobody
hears me

Help! Get me some help
Tonight, I need someone to stay by my side
Help! Get me some help
I'm all alone and worried, so please, please hurry!
Help! Get me some help
You've got to find a way to keep me alive
Help! Get me some help
Can't keep myself from crying, I feel like dying.

Friends used to call when life was all right
Since, here I wonder where they could be
I'm all alone and I'm feeling tired
No one on earth seems to care about me
Tried to join everyone I know on the phone
Wished they'd light up my world when sunshine is gone
So I'd ring every bell and knocked on each door
No one but me in this place anymore
I'm screaming like hell but nobody hears me, nobody
hears me

Help! Get me some help
Tonight, I need someone to stay by my side
Help! Get me some help
I'm all alone and worried, so please, please hurry!
Help! Get me some help
You've got to find a way to keep me alive
Help! Get me some help
Can't keep myself from crying, I feel like dying.
