How did I get here?
Trapped in this hell that I call home
The light is fading
Haunted by ghosts of times I've known

You're right back where you started
Helpless, broken, and alone
Compared to how things were
This place is purgatory

You confuse me for a martyr
Never said I'd die for you
I see you've dug your grave
You might as well lie in it

Seduced by the apple
Paradise has turned to hell
In a tomb of flesh
I'm buried alive
Buried alive

But I still see your face
That scarlet letter haunts me
And I still feel your touch
My blood turn cold

You're right back where you started
Helpless broken and alone
Compared to how things were
This place is purgatory

Chorus
You confuse me for a martyr
Never said I'd die for you
I see you've dug your grave
You might as well lie in it

Seduced by the apple
Paradise has turned to hell
In a tomb of flesh
I'm buried alive

Bring out your dead
Hammer and nail to seal my fate
Six feet under
Another unmarked grave

You confuse me for a martyr
Never said I'd die for you
I see you've dug your grave
You might as well lie in it

Seduced by the apple
Paradise has turned to hell
In a tomb of flesh
I'm buried alive
Buried alive

You confuse me for a martyr
Never said I'd die for you
I see you've dug your grave
Shut up and get in
Shut up and get in
Shut up and get in
