Within your skin  
The nails are buried deep  
The chains are locked up tight  
The keys are out of reach

You hold the hand  
That holds you down

With will of glass  
You shatter under pressure  
Shards of a broken home  
Shadows over pleasure

Bleed to be bled (Bleed to be bled)  
The need to feel dead (Need to feel dead)  
Just another twisted  
Scene within your head

You hold the hand that holds you down  
Caught in the chokehold  
You hold the hand that holds you down  
Caught in the chokehold

Your wounds will heal with time  
But your scars will remain  
Reminder in the mirror  
The darkness and the pain

Bleed to be bled (Bleed to be bled)  
The need to feel dead (Need to feel dead)  
Just another twisted  
Scene within your head

You hold the hand that holds you down  
Caught in the chokehold  
You hold the hand that holds you down  
Caught in the chokehold

Let it go  
Let it go  
Let it go  
Let it go

Torn apart upon the shores  
The endless storm awaits  
Face first in the waters  
Aspirate the hate

Bleed to be bled (Bleed to be bled)  
The need to feel dead (Need to feel dead)  
Just another twisted  
Scene within your head
