Another day
Another night
You stare at me
Through your bloodshot eyes

The lies you speak
To start a fight
Solutions out of reach
Nowhere to run and hide

The scars on your wrists
They've never faded
They cannot heal
Razor blade medicated

Do not resuscitate
In blood you signed
Self-inflicted desolation
No sign of life inside

Once you let go
Of your grasp on hope
Your death wish
Has been carved in stone

You've lost yourself
No way to get home
You made the world
That you call your own

The scars on your wrists
They've never faded
They cannot heal
Razor blade medicated

Do not resuscitate
In blood you signed
Self-inflicted desolation
No sign of life inside

Sedate your brain
Numb the pain

You're just a slave
To your masochistic ways

How many nights
Will you cry to sleep
How many lives
Can you bear to keep

How many nights
Can I take
How many more
Until I walk away

The scars on your wrists
They've never faded
They can not heal
Razor blade medicated

Do not resuscitate
In blood you signed
Self-inflicted desolation
No sign of life inside
Of life inside
Of life inside
