You're so pathetic
But yet magnetic
So draw me in and suck me down
You're pure aesthetic

Shroud of darkness
Shroud of lies
Shield yourself
Shield your alibis

Can you face your own reflection
Staring down what you have done
Add my soul to your collection
And self-destruct your time has come

Self-destruct
Your time has come
Self-destruct
Your time has come

Eyes ever changing
Eyes ever yearning
Fresh meat is on the table
Lust is burning

Seduce them in
And peel back the skin
Dig around with what's inside
Feast upon the heart alive

Can you face your own reflection
Staring down what you have done
Add my soul to your collection
And self-destruct your time has come

Self-destruct
Your time has come
Self-destruct
Your time has come

Can you face your own reflection
Staring down what you have done

Add my soul to your collection
And self-destruct your time has come

Self-destruct
Your time has come
Self-destruct
Your time has come

Can't stop the hunger
The urge to feast
Soul after soul
You can't tame the beast
Should've seen it from the start
Your ticking time bomb heart
You're left with nothing else
So just destroy yourself
Just destroy yourself
