I see the girl with the bright red hair
and she looked at me with her jet black stare
And oh, she knows how to get through for me
It started as a shaking out of all her moves
As she dances with those other dudes
And I won't leave , without you

I wanna keep you up all night
Dancing till the morning light
Weâ€™re gonna set the skies a light
Keep dancing cuz it feels just right
I wanna keep you up all night
Dancing till the morning light
Weâ€™re gonna set the skies a light
Keep dancing cuz it feels just right

I went over to ask her name
And she said you guys are all the same
But oh, she knows I can get through to her
It started as a shaking out of all her moves
As she dances with those other dudes
And I wonâ€™t leave, without you

I wanna keep you up all night
Keep Dancing till the morning light
Weâ€™re gonna set the skies a light
Keep dancing cuz it feels just right
I wanna keep you up all night
Keep Dancing till the morning light
Weâ€™re gonna set the skies a light
Keep dancing cuz it feels just right

Here we go!

It started as a shaking out of all her moves
As she dances with those other dudes
And I wonâ€™t leave, without you

I wanna keep you up all night
Keep Dancing till the morning light
Iâ€™m gonna set the skies a light
dancing cuz it feels just right

I wanna keep you up all night
Keep Dancing till the morning light
Weâ€™™ re gonna set the skies a light
Keep dancing cuz it feels just right
