Look at that girl
She's in the corner
She's the girl with the hair down to her toes
She's a weird one
A really weird one
And she's the girl that nobody knows
My eye-balls are ecstatic
My fingers begin to tremble
Just the thought of fondling her breast
Makes my brain go
Down, down, down, down and out
I've had the pleasures of a few
I've had a girl just like you
She grounded me into nothing
I know that you'll just want to do that too
But right now I found the secret of your terror
My life no longer drowns in error
Ya better watch out, I'll get ya too
No one's ever gonna make me go
Down, down, down and out of my head
My eye-balls are ecstatic
My fingers begin to tremble
You make my mind like silly rabbit
My brain is going
Down, down, down, down and out
Making me go down
Making me go down
Making me go down
And she's the girl
She's in the corner
She's the girl with the long hair down to her toes
And she's the girl
And she's a weird one
And she's the girl that nobody knows
I know the secret of the terror
Not ever again my life is gonna drown in the error
----(?)
Now I'm gonna make 'em help me
