I've got a story to tell you  
It's just a little tale  
There's a story with hatred and war  
With no happy ending, unless you deserve it  
To be in your own life

The things history can't tell you  
The things your mind makes you see  
Lying politicians are gonna get us all shot

Kennedy got shot in the head  
Little children who don't get fed  
Soldiers on the front-lines open fire for  
All this and many more

Theres are the tales of terror  
Terror, cha!  
Theres are the tales of terror
