Take me or leave me cause I'm tired of change
If you go I'll pay the cost
Take me or leave me cause we're not the same
If this is a game, I guess I lost
The words you say break my heart in two but when you
Don't say anything it's worse
So, take me or leave me cause this dream I've had for
Far too long is long gone

Don't tell me where I'm going cause only time will tell
Don't tell me to stop dreaming
It's the only thing I know how to do well

Take me or leave me
I'm an independent soul and I won't do what you want
me to
Take me or leave me
I know I don't fit in here but there are more people than
you
My goal in life is to be more than just a queen and
I'm so sorry, but I don't fit into your scene

So, take me or leave me
I'm not going anywhere
You've gotta make the choice to move

Don't tell me where I'm going cause only time will tell
Don't tell me to stop dreaming
It's the only thing I know how to do well

Take me or leave me
Take me or go
Stay here or walk away
Take me or go

Take me or leave me cause I'm only here as long as He
allows
Take me or leave me
Every day this light's shining it's getting closer to
fading out
