Push me forwards
Through a door I never knew existed
Anchors pull me back
And I can no longer dismiss this
The passing future
Is a moment I have left behind
So many questions answered
But so much left to find

So I'll try
And I'll fail
And I'll teach myself the ropes
I may slip
And I'll fall
I'm just learning how to crawl
But if today has lead me nowhere
I'll let my failures lead the way
But I'll always give it all I've got
Because tomorrow is
A brand new day.

A brand new day I'll find myself
Full and free to be the one and only me.

So I'll try
And I'll fail
And I'll teach myself the ropes
I may slip
And I'll fall
I'm just learning how to crawl
But if today has lead me nowhere
I'll let my failures lead the way
But I'll always give it all I've got
Because tomorrow is
A brand new day.
Well I'm learning how to live
Today
I'm learning how to live
Today
I'm learning how to live
Everyday
