There's something I have found
Looking back and knowing now
This was meant for me
This was meant for me

Though I never journeyed far
Now I see from where You are
You were moving me
You were moving me

Angels singing
Angels singing

It was worth it all
Hearing angels calling out my name
When You reached down for me

Every day gone by
And each moment life was handed me
It's easy now to see

That I could smile
So you'd be seen through me

For the ones that wait behind
Give them just a bit more time
They can smile for me
They can smile for me

Angels singing
Angels singing

It was worth it all
Hearing angels calling out my name
When You reached down for me

And every day gone by
And each moment life was handed me
It's easy now to see

That I could smile
So you'd be seen through me

Angels sing, angels sing
Sing for me, sing for me
Angels sing, angels sing
Sing for me, sing for me

It was worth it all
Hearing angels calling out my name
When You reached down for me

Angels sing, angels sing
Sing for me, sing for me
Angels sing, angels sing
Sing for me, sing for me
Sing for me

Angels sing, angels sing
Sing for me, sing for me
Sing for me
