You know you're not a strong man
And you're just about to cry
Hang on, hang on it's all right, it's all right

You worry about the future
Sign said "Yoga class for cats"
It's okay, it's okay

It's no fun

You're frustrated by the cracks

In the pavement
And every mother's back
Once again
The carnival closed down

But if this world would ever turn around

And the dynamite is waiting
Cause they bankrupted the sky

It's okay, it's okay

It's no fun

You're frustrated by the cracks

In the pavement
And every mother's back
Once again
The carnival closed down

But if this world would ever turn around

Break your mother's back

If you step on the cracks

Everybody says

You're frustrated by the cracks

In the pavement
And every mother's back
Once again
The carnival closed down

But if this world would ever turn around

You'll be there
When everyone is sane ow

You'll be there

When everyone is sane ow

You'll be there
When everyone is sane

You'll be there

When everyone is sane ow

You'll be there

Do do do

Do do do

The carnival closed down

Closed down do do do

Do do do do do

The carnival closed down

Do do do...
