Talk
Talk is cheap, puts me into sleep
If there's too much talk
Talk is cheap

Speed? 1, 2, 3 will bring it back right to its knees

Onto its knees

And I, run away from this

You're running out
You run away from me

And I
I never wanted much
I wanted trust oh oh

And I can't?

And I, I never asked for more

I wanted to believe it - oh

And I can't, and I can't?

Speed
When I see you, I see your soul
I dig you a hole
When I see you

You breathe
Bring it back we'll see you knock right to its knees - oh
Onto its knees

Oh I, run away from this

You run it down
You run away from me

And I
I never wanted much
I only wanted trust oh oh
And I
And I
I never asked for more
I wanted to believe in, oh
And I, and I
Oh

Well there must be something more to say
And I feel you slip away
But I forget your hands are vacant inside
I see you once again
But it's 1, 2, 3 you'll follow me
I know you'll have to wait
But I see yourself
I see you break
I see you laughing every single day
And its true

Well it's happening to me
I never wanted much
I only wanted trust oh oh
And I
And I
I never asked for more
I wanted to believe you
And I
But I can't
And I, and I
Can't
