Dinner was lovely. The music so sweet.
And staring in your eyes made it all seem so complete.
Yes you look lovely. You look so fine.
And what I wouldn't do, to make you mine.

But I've been here a few times before.
And I've seen love walk out my door.
But this time I've got to be sure,
this time I want something more! So!

Don't ask me to stay tonight,
we both know that would not be right.
And don't ask me the way I feel,
Right now I'm so unsure...

Don't ask me to stay tonight.
Don't ask me to stay the night,
Don't ask me to stay tonight,
cause oh... it's not right.

And standing here at your door,
part of me wants something more.
And holding you for one last kiss
you get harder to resist.
Sorry girl I can't stay long!
but close to you I'm not that strong...So...

Don't ask me to stay tonight,
thought this could be love at first sight.
We've got more than just one night,
this time lets do it right! So...

Don't ask me to stay the night.
We both know that would not be right.
And don't ask me the way I feel,
right now I'm so unsure.

Don't ask me to stay tonight,
Don't ask me to stay the night.
Don't ask me to stay tonight.

Cause oh... I just might.
