"E No Easy"

Visit "[E No Easy](#)" on MotoLyrics.com

Intro:

E no easy to to be a man
Some some ladies donâ€™t don't realize
I try my best to control my potential
Some of my foes they all tried to bring me down
No matter how they try to bring me down
They never know theyâ€™ re messing with soletzy
E no easy to to be a man

Some some ladies donâ€™t don't realize
No matter how they tried to bring me down
They never know theyâ€™ re messing with soletzy

(vs 1[soletzy]:

My popsi so broke for so many years im so worried
But my pain is just that he never care
My friends my ladies reject me I was so boring
I never back off my struggle lâ€™ m still moving on
Eyo eyo eyo my ladies
They want my money they canâ€™t get they run away
And many trouble come around me like butterfly
Now lâ€™ ve got cutlass to cut off those wings eh
In fact my history combined till today till today day
It was so so crazy
lâ€™ ve seen a way to pull down my weight eh
And was worried but I know that the time will come
when I will be standing on the pillars of my weight eh
Chorus [soletzy]:

E no easy to to be a man
Some some ladies donâ€™t don't realize
I try my best to control my potential
Some of my foes they all tried to bring me down
No matter how they try to bring me down
They never know theyâ€™ re messing with soletzy
E no easy to to be a man
Some some ladies donâ€™t don't realize
No matter how they tried to bring me down
They never know theyâ€™ re messing with soletzy
(Vs 2 [tee-flexy]):

So many people tried to forsake me
I never cared and now I got my backs on
I tried so many ways just to make it work
And the more I tried itâ€™ s like the more I fail
That doesnâ€™t mean thatâ€™ s just who you are

The more you fail the more you upgrade
Donâ€™t ever listen to what the people might say
Or dem say who say and wetin dem say
Infact my history combined till today till today day
It was so so crazy
Iâ€™ve seen away to pull down my weight eh
And I was worried but I know that time will come
When I will standing on the pillars of my weight eh
Chorus [soletzy]:
E no easy to to be a man
Some some ladies donâ€™t don't realize
I try my best to control my potential
Some of my foes they all try to bring me down
No matter how they try to bring me down
They never know theyâ€™ re messing with soletzy
E no easy to to be a man
Some some ladies donâ€™t don't realize
No matter how they tried to bring me down
They never know theyâ€™ re messing with soletzy
(Vs 3 [soletzy]):
I donâ€™t care what you think while Iâ€™m moving
So long as it suit me myself ok
No matter what they say at my back eh
Please you should go on na you get your mouth eh
The struggle of life is sweet and confusing
But determine the things who you want to be
Donâ€™t let nobody bring a word to weigh you down
Unless you donâ€™t know your God and your faith eh
And I was worried but I know that time will come
When I will be standing on the pillars of my weight eh
Chorus [soletzy]:
E no easy to to be a man
Some some ladies donâ€™t don't realize
I try my best to control my potential
Some of my foes they all try to bring me down
No matter how they try to bring me down
They never know theyâ€™ re messing with soletzy
E no easy to to be a man
Some some ladies don't don't realize
No matter how they try to bring me down
They never know theyâ€™ re messing with soletzy
