viva summer

Viva viva for summer viva for summer

I will be waiting always searching for you

Looks the moment i first fell in love wid you

I still remember when we were young wild

How you love me and we use to play

Now that i am older and i cannot find you

I need you more and think of you ever day

Chorus

You always the one i thinks about

Viva for summer i be waiting always searching

For my lover love you undone

Looks like the moment i first feel in love you

All the time we had was so much fun

And i could never forget that

But I will never forget you although you are not with me

I cannot be leave that it is so long and I cannot find you

Hope fully one day I fine you and I always member you

as my first love

Baby baby viva viva for summer

Chorus

You always the one i thinks about

Viva for summer i be waiting always searching

For my lover love you undone

Looks like the moment i first feel in love you

All the time we had was
