"Free Wishes"

all of you got free wishes and luck
but I'm still down here, I'm still down here
all of this made me realize I'm not
forced to be the same void face as you

unfortunately, I don't fit in
I've seen this room from within, never been
mistaken looks exactly the same
as my memory recalls, what should I tell you
the whole concept is the living proof, hell you
even signed to get in here, right
you just couldn't handle the struggle, the fight
but maybe I don't wanna get signed, don't wanna have
luck
like to work hard for the success, I'm up
against the big boys, I know that
carrying all the big guns, rat-tat-tat
I'm not gonna take a step back, just relax
attack from all the sides
with clips, mixtapes and b-sides, besides
the reason I'm insanely ambitious
is only because I've got none of these free wishes

all of you got free wishes and luck
but I'm still down here, I'm still down here
all of this made me realize I'm not
forced to be the same void face as you

now, does it look like I want to
be rich with only 22
making a decent living is one thing
being rich is a completely other, given
I'd like to have a fortune someday
but hell, who defines what a fortune is anyway
do I wanna sell my soul or keep it for eternity
the greed took you over, but what can it do for me
stay focused, don't lose your target then shoot
why do you think I'm here, you big fool
this pool is too small for the both of us, leave
the deceived will release the power I will need

don't underestimate

the power in my heart
that can be released

all of you got free wishes and luck
but I'm still down here, I'm still down here
all of this made me realize I'm not
forced to be the same void face as you

don't underestimate
the power in my heart
that can be released

all of you got free wishes and luck
but I'm still down here, I'm still down here
all of this made me realize I'm not
forced to be the same void face as you
