everyday I know  
with you I lost my soul  
everyday I know  
never wanted you to go

but here we are standing so close  
can feel my heart pounding through my chest  
here we are nothing left to say  
please, please, don't go away

in my dreams I see  
you protecting me  
put up that shield  
holding a gun

in my dreams I feel  
you looking down on me  
watching over me  
like the sun

all my life I knew  
you're the one for me  
cannot change the past  
otherwise you'd be here

but here we are standing so close  
can feel my heart pounding through my chest  
here we are nothing left to say  
please, please, don't go away

in my dreams I see  
you protecting me  
put up that shield  
holding a gun

in my dreams I feel  
you looking down on me  
watching over me  
like the sun

what hurts most is seeing you every night  
can't break free

can't grow past all of this, all the light  
you put over me

in my dreams I see  
you protecting me  
put up that shield  
holding a gun

in my dreams I feel  
you looking down on me  
watching over me  
like the sun
