can't stop recalling  
all the memories we share  
everything was falling  
into ruin, when you weren't there

all the happy pictures  
from the places we've been  
how could it have been fiction  
we used to share a ring

hurt by all the things you've done  
blinded by a blackened sun  
abandoned in the darkness  
when you began to confess

hurt by all the words you spoke  
upset by the trust you broke  
abandoned me and my pain  
left me standing in the rain

I keep getting wetter  
from the water coming down  
how can this be better  
than reaching for the cloud

and tearing it apart  
it wouldn't change a thing  
you tore up my heart  
we used to share a ring

hurt by all the things you've done  
blinded by a blackened sun  
abandoned in the darkness  
when you began to confess

hurt by all the words you spoke  
upset by the trust you broke  
abandoned me and my pain  
left me standing in the rain

why did you leave me  
how could you just go

everything we went through  
how can I let this go

hurt by all the things you've done  
blinded by a blackened sun  
abandoned in the darkness  
when you began to confess

hurt by all the words you spoke  
upset by the trust you broke  
abandoned me and my pain  
left me standing in the rain
