CHORUS

No way, no how, no hell
Nobody gonna stop me now
Gonna stop me now

No way, no how, no hell
Nobody gonna stop me now
Gonna stop me now

No no no, no no no, no way
Nobody gonna stop me now

VERSE 1

I wanna be this
I wanna be that
That`s how we think
when we keep growing up
Things that we wanna do
places that we wanna go
stories that we`ve heard
that we wanna re-create
Reading all the things
from the magazines
Watching all the things
from the TV-screen
Webbing all the sites
on the IT-screen
Checking all the sites
and the gossip scenes
Tuning all the time to the
trends that rings
when we got the chance
to shine we shout to the world
and say and say---->

Chorus

Verse 11

Everybody wanna make a name
and shine to the world, and show
what we really got
Everybody wanna be the music star
Everybody wanna be the movie star

Everybody wanna be the superstar
Everybody wanna be the Megastar
Hitting all the music charts around
Others wanna be the star of stars
Others wanna be the hero types
others wanna be the political type
and make the laws to turn the world
Others wanna be the economic type
to make the bucks to turn around
Others wanna be the soccer star
When we got the chance to shine
we shout to the world and say and say--->

CHORUS

VERSE 3

People wanna live a natural life
where no rules really applies to them
Doing all the things that, they wanna do
Naming it out the life of freedom
Trying all the things they wanna try
No one telling how to live their lives
setting all the rules as they suit their lives
No dog bagging when the hit the scene
No one asking what they gonna do
No one telling what they have to do
Experiencing by living their own lives
no boundaries to the things they do
Everybody wanna feel the freedom
when we got the chance to shine
we shout to the world and say and say--->

CHORUS
