HOOK:

WOH WOH, cant you see
Something is going on on the floor

Verse 1

It was a club day night
Got a date with shawty
then she hit me on the phone
Telling me she gonna be
lets catch up in the club
where the party gonna be
Gonna hola all her pals
Then they got a better ride
Then i headup in the club
Hoping to see shawty
Then i got a funny text
she--is not gonna be
so i got it very clear
Is gonna be a huzzle night
so i walk upto the counter
Just to get a glass of wine
so i make up my way to the
dance floor gate
Just to catch a glimpse of what
was going on--- i can see--->

VERSE 11

I like the magic move
going on on the floor
I like the connectivity
Making up on the floor
I like the waist winning
Going on on the floor
All the sexy dancing
driving me crazy
I think am liking it
I think am loving it
All ma sexy mama
Giving me some nudge

Ama say for sure
Am gonna go for it
Im gonna join the crew
Am gonna turn the heat
Am gonna join this game
when my mama come say

Oh my prince would you be
the one to rock my world tonight
Then we go---->

VERSE 111

I make some sexy politics
to the queen of the night
I think shes catching my moves
From the left to the right
Then she opens a page
In a dairy on my head
with the sexy dancing
with the booty winning
I think am feeling it
I think the heat is on
And the dancing chemistry
Blending up so well
It feels like organic
something natural
Then she whisper to my ears
Boy am feeling you
If ya want my number
Ama give it to ya
Then i know for sure
i got my self a girl
Happily we sang
Happily we dance
when the DJ play this song again--->
