There's alot we have to learn
But i'm just laying down the basics here

Yes okay bro, I made this beat
But don't be saying this beat made me
50 50 is my strategy
I give half of this and the other half comes back to me
Homie god sees what we do in your reality
Vision in my head
But this ain't no prophesy
Don't see me as a rapper
I ain't doing it for me
I'm doing it for your household pastor, gatekeeper,
master
And backyard raster
Honour your wife, don't honour the blasphemmer
I don't see the future, but the future sees me here
I'm high on my new story
The repentance from the world
To the Gospel glory, For the high authority
Synchronize rhymes to the melody, See me in sandy
point
With my blue jeans in the Dutch Reformed Church
Afrikaans doctrine
Never hurts, me,
You see, It doesn't matter where i be
I still have the word as my remedy
50 50 - the one part i give
And the other part god fills with his mercy
He has great plans,
So i bow - and she curtsy

-Hook-
Five Zero (x4)

- Speaking -

50 50 means that even though we ain't good enough
We try to do half of what we want to accomplish
I know that god does much more then 50% of my life
But I'm 100% focused on Christ

-verse 2-

Open the bible - Galatians 4
I'm the princey
He the king, Christ the heir
I am a co-heir, co-star if he here

Filled with the spirit
Justified by truth - not by the wallets
So class won't win the dare

Law is written, but no required
Lived up - but for some not desired

- Hook-

Five Zero (x8)

- Speaking -

So 50% of me is human
The other 50% is alien
I'm not for this world
I'm from heaven

Truth be told I made this beat
But don't be saying this beat made me

- Verse 3 -

So if God sent his son to die for us
What more do we want
Then forgiveness
And abundant love

50% truth? We lie the rest
50% home? We cry the less

But I don't, cause I'm on this endurance
Don't be working this out like Mathematic co-efficient
His glory alone
Cause He is sufficient

I will praise the Lord
Even if you ain't Christian

You listen to this tape
The quality bad
And the rhymes are late

But your comments can delegate

I don't need to know
Cause god will allocate

His judgement is what i need
And what awaits
Lets read Romans 1:16
And exaggerate

Play the rest of the songs
Don't underestimate

I've been a house dj for 3 years
Now I'm rapping to those who think they can dominate
I don't want to
But like David - i fight goliath
So these people can see God is true
Did you hear me talk about how great i wana be
No but thank you

-Hook-

Five zero (x6)

- Verse 4-

We acting like we don't care
Cause god forgives anyway
What's this about reliance?

God is the king,
Christ is the alliance

We've been reconciled by his love
And mercy
Count your blessings
Don't count your inequities
Washed by blood
Now i sip from that red wine
And eat the bread
That's a must, it is divine

He had the guts
Easter Sunday we celebrate
But never live it up

Why? Lets worship
Raise our hands and shout it out
With his holy touch

In Deo nostra fides,
In God we trust

Why you might ask
Cause God is enough
