--Hook--

3 long nights

3 long days

I'm still living my life this way

Think I can change

But it's still all the same (x2)

(repeat)

--Verse 1 [Jempas]--

Yo! Itâ€™s Jempas in the house, I do it for my Lord, coz  
to him Iâ€™m just a mouse,

Finally finished high school and now Iâ€™m moving  
on,

I donâ€™t depend on people and I donâ€™t need a  
girl,

All that I need is my God,

The one that made the world

The one that made everything

On this wicked earth,

But people still be hating

And I think that should change

Coz I canâ€™t deal with your

Situation from my range,

Should I anticipate with the

Secrets that youâ€™ve been keeping

Or should I hide all my feelings,

And shun what Iâ€™ve been reaping?

I get the feeling

That someoneâ€™s weeping

Inside of my closet

I know that somethingâ€™s deepening

3 long days

I'm still living my life this way

Think i can change

But it's still all the same (x2)  
(repeat)

3 long nights, 3 long days,  
I'm still living my life this way (x2)

--Verse 2 [Lee-Rick]--  
(Okay) Long nights, long days,  
I do things right but in wrong ways  
they ask me "why the long face?"  
I tell 'em misery is, a long phase,

But now I'm back on track  
with no lack of facts,  
Dreadlocks and Chuck Taylor's, black on black,  
So what if my pants sag and my hat turn back,

They tell me I shud tryna turn my back on that,  
But I already got on my church clothes,  
My lust got more dust then dirt roads,  
I'm tryna get clean, but for sin I fiend,  
Still feel like I got a cursed soul,

Lookin' for guidance,  
Everywhere but the bible,  
faith is my rifle,  
Dead on arrival, spiritual warfare,  
Lookin' to survival

Between you and I, It's do or die,  
Foolish pride, become suicide,  
Would u choose die by getting crucified?  
Would u rather get Lucified?

See the truth inside my lies,  
The youth inside my eyes,  
Black rose in da Garden of Eden,  
There's a book inside my mind,

Now I pick my life up, tryna make a change  
But somehow things aren't rearranged,

I'm still confused,  
Still abused,  
Hip-hop music still ain't got me amused,

Grab the rhymes, no wasting time,  
Life full of darkness, let me shine,

Ain't got no grudges, against da judges,  
Life is a movie, God watches

--Verse 3 [Tha Real U]--

Real U in the building

Lemme touch the ceiling

Jesus is just a feeling

If that all you be seeing

Looking for some healing?

Man, i already got the vision

So you don't have to tell me

What's wrong, with my condition

Cause i know that your listening

I ain't blind

I ain't missing

Out on any of the action

I'm just on my grind here

Letting you hear me,

Make all these things clear

So you don't have to fear

Just know that the Lord is near

And if you can't hear me

Then girl you don't have to tear

[Jempas]

Yo, I hate

When i'm a lil late

It's the end of high school now

And i'm still waiting for my first break

Forsake...

The words that i told you before

You wish that we could date

Cause now it's just like leftovers on

A dinner plate

--Hook--

3 long nights

3 long days

I'm still living my life this way

Think I can change, But it's still all the same (x2)

(repeat)

3 long... (x3)
