Twist around the lounge
Sun drowns the house
Stick another pill in my head and go to bed
We're not doing it again so leave it

I didn't even see you when I liked you
Now I ain't got no time
Girl I wanna see you undo it
I wanna see you but you're not mine

Bombs have run out
Call round the town
I could hear you giving her head she said
You think we're doing it again keep dreaming

I didn't even see you when I liked you
Now I ain't got no time
Girl I wanna see you undo it
I wanna see you but you're not mine
[x4]

I wanna see you but you're not mine...
