

## Ours "Medication"

Visit "[Medication](#)" on MotoLyrics.com

Wake me up wise by morning  
I want to breath the day  
This is my final warning  
Keep all the clouds away

We've taken, medication  
So we can run away from  
Another day

I feel alive, I'm falling  
We dance until the morning closed our eyes  
I would love to stay here and never have to go  
And no one in the world would ever know

We've taken, medication  
So we can run away from  
Another day

We will never, never know, never know  
I feel the dream is real, watch it go, go  
I blink and then another day is gone  
I feel the dream that we've been hiding from

We've taken, medication  
So we can run away from  
The things that pain us, pain
