Pressure fried the coldest head
Bent to the side, wishing he was dead
And i would still defend
I would still defend

I'll give up on the greed
I'll give up on it all
I'll give up on the ones
Who'll give up on me
Held up by the poor somewhere
If i was to give in

They're unaware, but i know we are scared
The fight would soon begin
Begin

So i'll give up on it all
I'll give up on the greed
I'll give up on the ones
Who'll give up on me

Sunshine
Sometimes
The sun shines
The sun shines
Sometimes

Sunshine
Did you give up on the greed?
Did you give up on it all?
Did you give up on the ones

Who gave up on me?
Did you give up on the greed?
Did you give up on it all?
Who gave up on me'did you give up on the ones
