Interlude:

It is horrible out here, it is like a war-zone.

Chorus:

Breaking loose London riots  
Buildings burning London fires  
Hoods, gloves, mothers crying  
Feiving, Reason, Duggan dying  
Tottenham, Brickston, London riots  
Luishan, Hackney, London riots  
Shooting in Cradon, Feiving in Birmingham, looting the  
buildings leaving them burning.

Verse 1:

Police must up a game, they just shut a man down in  
the good day  
Them tactics I don't raig (?), can't hold it in  
that's why it's cold out rage  
And society in a state, minimal jobs with minimal wage  
Like teenager with all over the place, I wake up in the  
night cause my heads in a daze  
Saying racisms don't exist, doe why does it feel  
like where on a black list  
Because to police there's no trust, no money on my  
oyster but my minds gonna bust  
Cause they don't care it's like I got one box of  
shoes all I do is walk with despair  
So we protest and march cause it may not be the first  
but it better be the last

Chorus:

Breaking loose London riots  
Buildings burning London fires  
Hoods, gloves, mothers crying  
Feiving, Reason, Duggan dying  
Tottenham, Brickston, London riots  
Luishan, Hackney, London riots  
Shooting in Cradon, Feiving in Birmingham, looting the  
buildings leaving them, burning them.

Verse 2:

Oy oy, get that camera out of my face quick

Itâ€™s okay look we just wanna talk kid  
Aight, I ainâ€™t a joke man so no funnyish  
Well what you doing?  
Iâ€™m trying to get the groppin it  
I'm a thug I donâ€™t care about the politics  
I'm on the cut so I'm smart when I'm having it  
I'm on it, if its up to grabs then I'm grabbing it  
Fedz think they can stop this, we aint having it  
Bricky and Tolly got it popping so who want it in  
I got the call like a shopping in Cradon  
We was going trough doors that they opened  
Iâ€™m hoping that the looting will never end  
Cause I'm out here black cloth black (?) face  
Canâ€™t you see it by the poe poe  
Government canâ€™t govern us cause we need doe  
Get the godz then we good and we getting home.

Chorus:

Breaking loose London riots  
Buildings burning London fires  
Hoods, gloves, mothers crying  
Feiving, Reason, Duggan dying  
Tottnham, Brickston, London riots  
Luishan, Hackney, London riots  
Shooting in Cradon, Feiving in Burmingham,looting the  
buildings leaving them, burning them.

Verse 3:

Officer officer please can I have a word they just rob  
piece of mine this is not what they deserve?  
Of course, but the steps that we go trough  
Well stop talking and tell us what your gonna do  
You know youâ€™re right, when (?) David  
Cameronâ€™s better now thirty more police forces will  
have our back now. I do urge your innocent parties,  
parent, children's, stay in background.  
The numbers they think they can rule, but sixteen  
thousands cops is a bigger team  
Youths making bombs out of petrol, streets wonâ€™t  
stop smoking until (?)( I make a team.)  
Itâ€™s true, police are trying to (?) the youth, Iâ€™ve  
been working twenty seven hours no interlude  
Where working hard trying to stop these thugs, actually  
yeah I'm done with this intervjue.

Chorus:

Breaking loose London riots  
Buildings burning London fires  
Hoods, gloves, mothers crying  
Feiving, Reason, Duggan dying  
Tottnham, Brickston, London riots

Luishan, Hackney, London riots  
Shooting in Cradon, Feiving in Burmingham, looting the  
buildings leaving them, burning them.

Verse 4:

In this UK man theyâ€™re moving reckless but there  
not out for any (?) persons ring or neckless  
Theyâ€™re going to the shops, try locking up the doors  
but the man donâ€™t mind theyâ€™re will make their  
own entrance.

Even though, everybodyâ€™s actions have  
consequences, say a man could care less about a  
prison sentence. Police (?) been taking the myth for a  
byss (?) so they donâ€™t care about the looting.  
Certain (?) man would call offenses. Itâ€™s like they  
ainâ€™t got a mind of theyâ€™re own cause  
theyâ€™re indirectly affected by all the people they  
know. Buying (?) it and infatalicing innocent peoples  
homes in the ends theyâ€™re destroying only the roles  
(?) that they know. You know.

I canâ€™t understand that it was all for a cause but a  
riot and (?) but what is it for? Idiotic people relentlessly  
breaking the law but in the end all the poor people will  
still be poor for sure.

Chorus:

Breaking loose London riots  
Buildings burning London fires  
Hoods, gloves, mothers crying  
Feiving, Reason, Duggan dying  
Totttenham, Brickston, London riots  
Luishan, Hackney, London riots  
Shooting in Cradon, Feiving in Burmingham, looting the  
buildings leaving them, burning them.
